**AGENDA:**

**9:45 – 10:00am Registration and Refreshments**

**10:15am – 12:00pm Current Trends Roundtable**

Please plan to **briefly** share (1) what trends you've identified that are impacting your Continuing Education programs and services AND (2) how you are addressing them (if you are). Examples might include changing demographics, government initiatives or funding changes, technology, need for ESL, new and or successful programs, etc.

**12:45 – 2:15pm What Isn't Working – Lessons I Have Learned**

Last year we talked about our "I'll never do that again!" experiences and it was very informative, so we're planning to do that again. Be ready to **briefly** talk about one of your "not so successful programs" so we can all learn about and maybe even laugh about them. Can be a departmental or a personal error, slip up, miscalculation, etc.
