

Annual CEANY Region West Meeting – Friday, May 1, 2009

Dear CEANY colleagues:

Mark your calendar now so you won't forget to join your colleagues for a stimulating day of networking and problem-solving on Friday, May 1st at Tompkins Cortland Community College's **Ithaca Extension Center**. **CEANY** is a community of dedicated continuing education professionals focused on the needs of New York State public higher continuing education as well as advocates for the role of continuing education and informs and influences state policy affecting continuing education.

For several years now, members from CEANY's Region West have been meeting in the spring to discuss a wide variety of topics germane to those in the continuing education field. These meetings are a wonderful opportunity to talk with others who do the same work, coordinate the same types of programs, and face the same challenges as you do.

Don't miss this chance to get practical and valuable input that you'll be able to apply to the work you do. For new CEANY members, as well as seasoned members, this is a terrific way to meet colleagues with whom you can talk in the future about continuing education issues, problems, and needs.

We look forward to you joining us on May 1st. **Please complete the attached registration form.**
