

## *Annual CEANY Region East Meeting—Friday, April 9, 2010*

Dear CEANY colleagues:

Mark your calendar now so you won't forget to join your colleagues for a stimulating half-day of networking and problem-solving on Friday, April 9<sup>th</sup> at Adirondack Community College.

For several years now, members from CEANY's Region East have been meeting in April to discuss a wide variety of topics of interest to us in the continuing education field. These meetings are a wonderful opportunity to talk with others who do the same work, coordinate the same types of programs, and face the same challenges as you do.

Don't miss this chance to get practical and valuable input that you'll be able to apply to the work you do. For new CEANY members, as well as seasoned members, this is a terrific way to meet colleagues with whom you can talk in the future about continuing education issues, problems, and needs.

We look forward to you joining us on April 9<sup>th</sup>!

*Patti Carte and Reid Smalley*  
*Region East Co-Chairs*
